

Shaker

A diagram showing a cross-section of a wood joint. A vertical board is on the left, and a horizontal board is attached to its right side. A wedge is driven into the joint between the two boards, forcing them together.

A diagram of a wood joint, specifically a dovetail joint, showing two pieces of wood joined together. The joint is made of light-colored wood with a visible grain. The dovetail is a wedge-shaped piece that fits into a corresponding slot in the other piece of wood.
