Shaker Flat Panel  
Profile:7309 & 5503

A diagram of a rectangular prism. A vertical line on the left side indicates a cross-section. The cross-section is a trapezoid with a top width of 10 cm, a bottom width of 12 cm, and a height of 5 cm. The length of the prism is 15 cm.

A diagram showing a large rectangular block with a smaller rectangular block attached to its right side. The smaller block is positioned such that its left edge is flush with the right edge of the larger block, and its top and bottom edges are aligned with the top and bottom edges of the larger block. The smaller block extends to the right, beyond the right edge of the larger block.

**Additional door sizes available in Straight, Arch, and Cathedral Doors - Custom drawings per request**
