STONE STAIN

Your satisfaction is important to us, and we want you to be fully informed about the characteristics of this finish.

Stone stain is prone to color variations, resulting in light and dark sections in the cabinetry. The variation can be pronounced and is ideal for rustic settings. This is a feature of Stone stain and it is not considered a warranty issue.

Please visit our website (kochcabinet.com) to view kitchen pictures with the Stone stain. We would also recommend purchasing a sample door in the door style, wood species and finish that will be purchased for your home, even though one sample door will not accurately portray the variance in a room with multiple cabinets.

I have read the above information, and I acknowledge that Koch Cabinets does not consider the color variations of Stone stain to be a warranty issue.
