CUSTOM COLOR PROGRAM

(Sherwin Williams custom paint program is a 23% upcharge on the entire order)

Please select one of the options below:

1. Option.One; Send Koch Cabinets a paper swatch from Sherwin Williams to be matched. Refer to the 'Custom Color Swatch Submission' form for instructions and to sign/acknowledge that you understand the process. This form will need to be mailed in with your paper color swatch from Sherwin Williams. We prefer those orders to be placed before a swatch is mailed. The order will be processed and placed on hold until your swatch has been received. We will send a notification that we have received the swatch, and the order will be taken off hold.
2. Option.Two; Sign the 'Custom Color Waiver' form. Please use this option if you do not want to send a paper swatch. The waiver form must be submitted with your order in CabConnect. If no waiver is attached, the order will be placed on hold.

If there are no forms attached to your order, the order will be placed on hold until we receive your color swatch or waiver form.

***All forms can be found on our website under the Dealer Portal.
If you do not have access to the Dealer Portal, please contact
