**Sherwin Williams custom paint color program is a 23% upcharge on the entire order.**

\*The 23% upcharge will be included on the CabConnect quote and on the acknowledgement.

**Touch-Up:** SWPAINTPT, SWPAINTQT & SWPAINTGL **may only be ordered with a full order** and will not be accepted on a stand-alone order. Be advised that these finishing products cannot be applied by brush or roller and should only be used for very small touch-ups.

### **Thank you for selecting Koch Cabinets and participating in our Custom Color Program.**

Your satisfaction is important to Koch Cabinets, and we want you to be fully informed about our Custom Color process. The color will be mixed very close to the fan deck we have in stock. Sherwin-Williams fan decks are printed by different printers across the country and slight variances are not covered under warranty. When making a large batch of finish, our factory uses a color eye machine that will output results within 5% of the fan deck paper swatch. [A color eye machine is an electronic spectrum reader that provides a formula to help match the paper color swatch] Paint will not be warranted based on what is perceived as a color failure.

I understand that there is color variation from “color swatch to color swatch” and “paper to solid wood”. This is caused by different sheen levels and materials used. I/We acknowledge that **Koch Cabinets** will not be responsible for color variations.
